Burn Down The Ground is a powerful and inspiring memoir that tells the story of a young woman's journey from victim to survivor to activist. It's a story of resilience, resistance, and hope that will resonate with readers of all ages.

The author, Sarah Kendzior, was just 17 years old when she was raped by a college student. In the years that followed, she struggled to come to terms with what had happened to her. She felt ashamed and dirty, and she was afraid to tell anyone what had happened.

But Sarah refused to let her experience define her. She fought back against the shame and the silence, and she eventually found her voice. She began

speaking out about sexual violence, and she became an advocate for other survivors.

Burn Down The Ground is Sarah's story, but it's also the story of all survivors of sexual violence. It's a story of pain, but it's also a story of hope and healing. It's a story that will inspire you to fight back against injustice and to never give up on yourself.

If you're a survivor of sexual violence, I encourage you to read Burn Down The Ground. It will help you to feel less alone, and it will give you the strength to keep fighting.

And if you're not a survivor of sexual violence, I encourage you to read Burn Down The Ground anyway. It will help you to understand the issue of sexual violence, and it will inspire you to be an ally to survivors.

Burn Down The Ground is a powerful and important book that will change the way you think about sexual violence. It's a book that will stay with you long after you finish reading it.
