In his book Liberty, Equality, and Fraternity, Archbishop Fulton Sheen offers a profound and timely meditation on these three core values. Sheen argues that these ideals are not merely abstract concepts, but rather essential components of a just and flourishing society.

Drawing on history, philosophy, and theology, Sheen provides a compelling case for the importance of liberty, equality, and fraternity in the modern world.

Liberty

Liberty is the freedom to live our lives as we choose, without interference from others. It is the freedom to think for ourselves, to speak our minds, and to pursue our dreams.

Sheen argues that liberty is not a right that we can take for granted. It is a precious gift that must be constantly defended and protected.

He writes:

“ "Liberty is not the right to do as we please, but the right to do what we ought." ”

True liberty is not the freedom to do whatever we want, but the freedom to do what is right.

Equality

Equality is the idea that all people are created equal, and that they should be treated with the same respect and dignity.

Sheen argues that equality is not simply a legal concept, but a moral imperative.

He writes:

“ "Equality is not a leveling down, but a lifting up." ”

True equality is not about making everyone the same, but about creating a society in which everyone has the opportunity to succeed.

Fraternity

Fraternity is the bond of brotherhood and sisterhood that unites all people. It is the recognition that we are all part of one human family, and that we have a responsibility to care for one another.

Sheen argues that fraternity is essential for a just and peaceful world.

He writes:

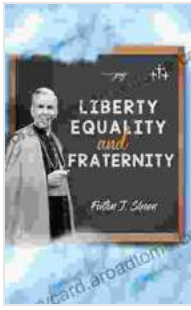

“ "Fraternity is the only foundation upon which a lasting peace can be built." ”

True fraternity is not about tolerating our differences, but about embracing them. It is about celebrating the diversity of the human family, and working together to build a better world for all.

In *Liberty, Equality, and Fraternity*, Archbishop Fulton Sheen offers a powerful and inspiring vision of a better world. He argues that the ideals of liberty, equality, and fraternity are not simply abstract concepts, but rather essential components of a just and flourishing society.

Sheen's book is a must-read for anyone who is interested in the future of our country. It is a timely reminder of the values that we share, and the importance of working together to build a better world for all.
