What is a case interview?

A case interview is a type of job interview in which you are given a business case and asked to analyze it and come up with a solution. Case interviews are used to assess your problem-solving skills, analytical abilities, and

communication skills. They are also used to see how you work under pressure and how you interact with others.

Why are case interviews important?

Case interviews are important because they can give you a competitive advantage in the business school admissions process. Business schools want to admit students who have the skills and abilities to succeed in their programs and in the business world. Case interviews are a way for schools to assess your potential and see if you have what it takes to be a successful business leader.

How can I prepare for a case interview?

There are a few things you can do to prepare for a case interview:

- Research the company and the industry
- Practice solving case studies
- Get feedback from a mentor or coach
- Stay calm and confident

What are the different types of case interviews?

There are a few different types of case interviews, including:

- **Problem-solving case interviews:** These are the most common type of case interview. You will be given a business problem and asked to come up with a solution.
- **Estimation case interviews:** These case interviews are designed to assess your ability to estimate the size of a market or the value of a

company.

- **Brainstorming case interviews:** These case interviews are designed to assess your ability to generate creative ideas.

How can I improve my case interview skills?

There are a few things you can do to improve your case interview skills:

- Practice solving case studies
- Get feedback from a mentor or coach
- Stay calm and confident

What are the common mistakes to avoid in a case interview?

There are a few common mistakes that you should avoid in a case interview:

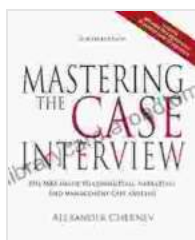

- Not listening to the instructions
- Not understanding the problem
- Not being able to come up with a solution
- Not being able to communicate your solution effectively

Case interviews can be challenging, but with the right preparation, you can master them and increase your chances of getting into your dream business school. Follow the tips in this guide and you'll be well on your way to success.
