In the annals of true crime, the case of Karla Homolka and Paul Bernardo stands as one of the most disturbing and depraved. For years, the couple terrorized young women in Canada, kidnapping, torturing, and murdering them with unimaginable cruelty.

At the center of this macabre tale is Karla Homolka, a seemingly ordinary woman who played a sinister role in her husband's crimes. After her arrest

in 1993, Homolka shocked the world by entering into a plea bargain that allowed her to escape with a mere 12-year prison sentence.

For years, Homolka's silence has left countless unanswered questions about her role in the murders and her motives for participating in such unspeakable acts. Now, in *My Mother, Serial Killer*, Homolka finally breaks her silence, granting exclusive interviews to renowned journalist Sonia Fatah.

Over the course of several years, Fatah delved into Homolka's past, exploring the twisted dynamics of her relationship with Bernardo and the psychological factors that led her down this path of darkness. Through exclusive interviews with Homolka, her family, and friends, Fatah paints a chilling and intimate portrait of a woman who was both victim and perpetrator.

My Mother, Serial Killer is a devastating true crime tale that takes readers inside the mind of a serial killer. It is a story of love, madness, and murder that will haunt you long after you finish reading it.
