**Here's just a taste of what you'll find inside:**

- The world's most poisonous animal is the box jellyfish, whose venom can kill a human in as little as three minutes.

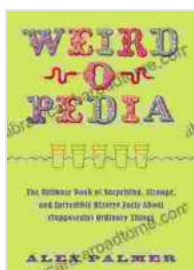

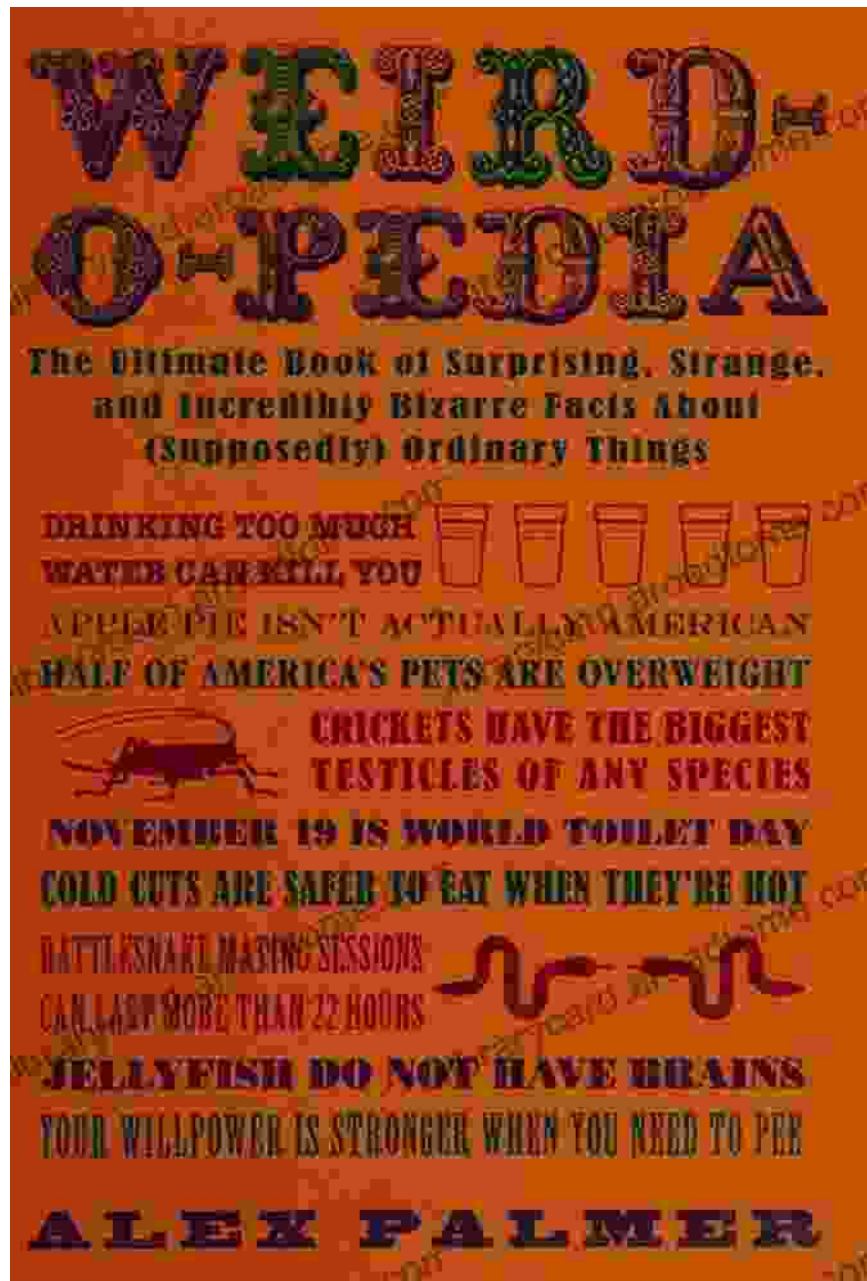

- The average human spends about one-third of their life asleep.
- The human stomach can dissolve razor blades.
- The world's largest land mammal is the African bush elephant, which can weigh up to 13,000 pounds.
- The world's smallest mammal is the bumblebee bat, which is about the size of a bumblebee.
- The human brain can generate enough electricity to power a small light bulb.
- The average human has about 100,000 hairs on their head.
- The human eye can see more colors than a camera.
- The human tongue is the only muscle in the body that can't get tired.
- The human heart beats about 100,000 times a day.

And that's just the tip of the iceberg! With over 2,000 more fascinating and mind-boggling facts, this book is guaranteed to keep you entertained for hours on end.
